

WE'RE HIRING

Exercise Physiologist

Promote Health and Well-Being Through Exercise and Movement

Harrison's Exercise Physiologists have a deep knowledge and passion for movement and its relationship to positive health outcomes and longevity. We work with clients of all abilities to address their movement and fitness goals, overcome potential barriers, and create a healthier relationship with exercise by discovering what motivates them.

WHAT YOU'LL DO:

Use exercise and movement to promote health and well-being, through education, assessment, collaboration and motivation.

You will support clients with:

- Preventive care and disease prevention
- Chronic disease and pain management
- Movement and exercise prescription
- Performance and fitness optimization
- Injury prevention and active rehabilitation
- Exercise programming and form correction
- Lifestyle and stress management techniques

YOU WILL PROVIDE:

- Musculoskeletal, cardiovascular, balance, strength, and movement assessments
- Appropriate assessment protocols
- Post visit reports on the health status of each client including the results of tests, assessments and referrals
- Ongoing case management support and intervention prescription
- Collaborate with internal experts on client education such as webinars, articles, and other resources

QUALIFICATIONS, EDUCATION AND EXPERIENCE:

- Certified Exercise Physiologist, CSEP or ACSM
- University degree in Kinesiology or related field from a recognized university or program
- Experience with exercise testing (stress testing), ECG reading an asset
- At least one year of clinical experience

MEMBERS OF THE HARRISON TEAM ALWAYS:

- Seek out ways to demonstrate our core values of compassion, innovation and excellence
- Display enthusiasm for delivering personalized care
- Navigate and adapt to clinical challenges
- Foster a forward-thinking approach to healthcare and help drive innovation in the organization
- Lean in to learning and willing to use a variety of technologies
